

Session Program

Jun 20 - 22, 2023

Molecular Origins of Life, Munich 2023

Session V

Online

Wed, June 21

11:00 AM

Session V: Talks

Session | Location: Online | Conveners: Tim Lichtenberg, Norikazu Ichihashi, T-Y. Dora Tang

11:00 - 11:25

Development of diversity and ecological complexity in the experimental evolution of an RNA-protein replicator

Speaker

Norikazu Ichihashi

11:25 - 11:50

Peptide-nucleic acid coacervation as a route to primitive compartmentalisation

Speaker

T-Y. Dora Tang

11:50 - 12:15

Molten Exoplanets as a Window into the Earliest Earth

Speaker

Tim Lichtenberg

12:15 PM

12:15 PM

12:30 PM

Session V: Q&A

Session | Location: Online
