

SFB 1032 Final Workshop at Schloss Lautrach

Tuesday, 25 June 2024

session 5 (11:30 - 12:45)

time	[id] title	presenter
11:30	[12] B01 Part1: From two to three cells: Are three-body interactions important in collective cell migration?	JOUNEAU, Agathe
11:45	[21] B01 Part2: The molecular motor Myosin-VI and cell migration	VEIGEL, Claudia
12:00	[13] B02: Deciphering the interface laws of Turing mixtures and foams	FREY, Erwin
12:15	[14] B03: Dynamic single-molecule FRET analyses established using DNA origami structures	ASADIATOU EI, Pooyeh
12:30	[15] B04: Dynamic nanoagents for RNA delivery	WAGNER, Ernst
